SCOTIA COLOUR PROFILE OPTIONS

Coloured profiles represent a fast growing market as more and more homeowners seek something a little different. For them basic white just isn't right. They also demand a wider range of colour and finish options than ever before. Here at Scotia, we can give you a wide choice of colours without the usual huge increases in price.

To begin with we've expanded our standard range to include some exciting new colours such as anteak and cream white. There's also the ever popular cream, rosewood and anthracite grey – all available.
